But you are wrong, in your videos I see, basically, something that does not correspond to my beliefs that women should be women first. And yes, you have a beautiful daughter, and I like you very much. But I will never call women the words "bitch", "scum", "bitch", "bitch" and the like. You don't know what a real woman is, and you never will. And this means that you are not the "father" who should raise the girl.
